1. Identification

GHS Product Identifier: PALMOLIVE NATURALS SHOWER MILK - CHERRY BLOSSOM

Product Code: B02933630005

Company Name: Colgate-Palmolive Pty Ltd (ABN 002 792 163)

Address: Australia: Level 14, 345 George Street, Sydney NSW 2000 Australia

Tel: AUS (02) 9229 5600 NZ: 04 576 6700

Fax: AUS (02) 9229 5700, NZ: 04 568 8835

Emergency phone number: AUS 1800 638 556, NZ: 0800 764766

Not classified as hazardous

2. Hazard Identification

GHS classification of the substance/mixture: Not classified as Hazardous according to the Globally Harmonised System of Classification and labelling of Chemicals (GHS) including Work, Health and Safety regulations, Australia.

Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)

3. Composition/information on ingredients

4. First-aid measures

Inhalation: If inhaled, remove affected person from contaminated area. Keep at rest until recovered. If symptoms persist seek medical attention.

Ingestion: Do not induce vomiting. Wash out mouth thoroughly with water. If symptoms develop seek medical attention.

Skin: Wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.

Eye contact: If in eyes, hold eyelids apart and flush the eyes continuously with running water. Continue flushing for several minutes until all contaminants are washed out completely. If symptoms develop and persist seek medical attention.

First Aid Facilities: Eyewash and normal washroom facilities.

Advice to Doctor: Treat symptomatically.

Other Information: For advice in an emergency, contact a Poisons Information Centre (Phone Australia 13 1126) or a doctor at once.

5. Fire-fighting measures

Suitable extinguishing media: Use extinguishing media that are suitable for the surrounding combustible materials.

Hazards from Combustion Products: Non combustible material.
6. Accidental release measures

**Emergency Procedures**
Slippery when spilt - avoid accidents. Wear appropriate personal protective equipment and clothing to minimise exposure. Increase ventilation. If possible contain the spill. Place inert absorbent material onto spillage. Collect the material and place into a suitable labelled container. Do not dilute material but contain. Dispose of waste according to the applicable local and national regulations. If contamination of sewers or waterways occurs inform the local water and waste management authorities in accordance with local regulations.

7. Handling and storage

**Precautions for Safe Handling**
Avoid contact with eyes. Use only in a well ventilated area. Keep containers sealed when not in use. Prevent the build up of mists or vapours in the work atmosphere. Avoid inhalation of vapours and mists, and skin or eye contact. Maintain high standards of personal hygiene i.e. Washing hands prior to eating, drinking, smoking or using toilet facilities.

**Conditions for safe storage, including any incompatibilities**
Store in a cool, dry, well-ventilated area, out of direct sunlight. Store in suitable, labelled containers. Keep containers closed when not in use. Ensure that storage conditions comply with applicable local and national regulations.

8. Exposure controls/personal protection

**Occupational exposure limit values**
No exposure standards have been established for this material by Safe Work, Australia. However, over-exposure to some chemicals may result in enhancement of pre-existing adverse medical conditions and/or allergic reactions and should be kept to the least possible levels.

**Biological Limit Values**
No biological limits allocated.

**Appropriate engineering controls**
Not required under normal conditions of use. For industrial applications an approved respirator with a replaceable vapour/mist filter should be used. Reference should be made to Australian/New Zealand Standards AS/NZS 1715, Selection, Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices, in order to make any necessary changes for individual circumstances.

**Respiratory Protection**
Not required. However, avoid eye contact. For industrial applications: Safety glasses with side shields or chemical goggles should be worn. Final choice of appropriate eye/face protection will vary according to individual circumstances. Eye protection devices should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.

**Eye Protection**
Not required under normal conditions of use. For industrial applications: Wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance

**Hand Protection**
Not required under normal conditions of use. For industrial applications: Wear protective work wear, e.g. cotton overalls buttoned at neck and wrist is recommended. Chemical resistant apron is recommended where large quantities are handled.

9. Physical and chemical properties

**Appearance**
Thick, pink, opaque liquid.
## Safety Data Sheet

**Product Name:** PALMOLIVE NATURALS SHOWER MILK - CHERRY BLOSSOM

**Not classified as hazardous**

### 10. Stability and reactivity

- **Reactivity:** Reacts with incompatibles.
- **Chemical Stability:** Stable under normal conditions of storage and handling.
- **Conditions to Avoid:** Extremes of temperature and direct sunlight.
- **Incompatible Materials:** Not available
- **Hazardous Decomposition Products:** Thermal decomposition may result in the release of toxic and/or irritating fumes.
- **Hazardous Polymerization:** Will not occur.

### 11. Toxicological Information

- **Toxicology Information:**
  - **Ingestion:** Ingestion of this product may irritate the gastric tract causing nausea and vomiting.
  - **Inhalation:** Inhalation of product vapours may cause irritation of the nose, throat and respiratory system for some sensitive individuals.
  - **Skin:** May be irritating to skin of sensitive individuals. The symptoms may include redness and itching.
  - **Eye:** May be irritating to eyes. The symptoms may include redness, itching and tearing.
  - **Respiratory sensitisation:** Not expected to be a respiratory sensitiser.
  - **Skin Sensitisation:** Not expected to be a skin sensitiser.
  - **Germ cell mutagenicity:** Not considered to be a mutagenic hazard.
## Carcinogenicity
Not considered to be a carcinogenic hazard.

## Reproductive Toxicity
Not considered to be toxic to reproduction.

## STOT-single exposure
Not expected to cause toxicity to a specific target organ.

## STOT-repeated exposure
Not expected to cause toxicity to a specific target organ through repeated or prolonged exposure.

## Aspiration Hazard
Not expected to be an aspiration hazard.

### 12. Ecological information

#### Ecotoxicity
No ecological data are available for this material.

#### Persistence and degradability
Not available

#### Mobility
Not available

#### Bioaccumulative Potential
Not available

#### Environmental Protection
Prevent this material entering waterways, drains and sewers.

### 13. Disposal considerations
The disposal of the spilled or waste material must be done in accordance with applicable local and national regulations.

### 14. Transport information

#### Road and Rail Transport (ADG Code):

#### Marine Transport (IMO/IMDG):
Not classified as Dangerous Goods by the criteria of the International Maritime Dangerous Goods Code (IMDG Code) for transport by sea.

#### Air Transport (ICAO/IATA):
Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air. No IMDG Marine pollutant.

### 15. Regulatory information

#### Regulatory Information
Not classified as Hazardous according to the Globally Harmonised System of Classification and labelling of Chemicals (GHS) including Work, Health and Safety regulations, Australia.

#### Poisons Schedule
Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).

#### AICS (Australia)
All components of this product are listed on the Australian Inventory of Chemical Substances (AICS) or exempted.

### 16. Other Information

#### Date of preparation or last revision of SDS
SDS Reviewed: July 2013
Supersedes: July 2008
