Material Safety Data Sheet

Product Name: FLUFFY CONCENTRATE - DIVINE BLENDS - LIMITED EDITION - POMEGRANATE AND SANDALWOOD

Not classified as hazardous according to criteria of NOHSC.

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name: FLUFFY CONCENTRATE - DIVINE BLENDS - LIMITED EDITION - POMEGRANATE AND SANDALWOOD

Company Name: Colgate-Palmolive Pty Ltd (ABN 002 792 163)

Address: Australia: Level 14, 345 George Street, Sydney NSW 2000 Australia

Emergency Tel: AUS 1800 638 556, NZ: 0800 764766

Telephone/Fax Number: Tel: AUS (02) 9229 5600 NZ: 04 576 6700

Fax: AUS (02) 9229 5700, NZ: 04 568 8835

Other Information: New Zealand Address: Level 4, 45 Knights Road, Lower Hutt.

2. HAZARDS IDENTIFICATION

Hazard Classification:
- Not classified as hazardous according to criteria of NOHSC.
- NON-HAZARDOUS SUBSTANCE.
- NON-DANGEROUS GOODS.

Risk Phrase(s):
- Not classified as hazardous according to criteria of NOHSC.
- R52/53 Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Safety Phrase(s):
- S25 Avoid contact with eyes.
- S61 Avoid release to the environment. Refer to special instructions/safety data sheet.

Ingredients determined not to be hazardous - Balance

4. FIRST AID MEASURES

Inhalation: None required. However, if breathing is affected, remove the source of contamination or move the affected person to fresh air. Ensure airways are clear. If symptoms develop seek medical attention.

Ingestion: Do NOT induce vomiting. Wash out mouth with water. Seek medical attention.

Skin: Wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.
Material Safety Data Sheet

Infosafe No™ LQ289  Issue Date : April 2013  ISSUED by COLGATE

Product Name  FLUFFY CONCENTRATE - DIVINE BLENDS - LIMITED EDITION - POMEGRANATE AND SANDALWOOD

Not classified as hazardous according to criteria of NOHSC.

Eye
If in eyes, hold eyelids apart and flush the eyes continuously with running water. Continue flushing for several minutes until all contaminants are washed out completely. Seek medical attention.

First Aid Facilities
Normal washroom facilities.

Advice to Doctor
Treat symptomatically.

Other Information
For advice in an emergency, contact a Poisons Information Centre (Phone Australia 13 1126; New Zealand 0800 POISON / 0800 764 766) or a doctor at once.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media
Use appropriate fire extinguisher for surrounding environment.

Hazards from Combustion Products
Under fire conditions this product may emit toxic and/or irritating fumes.

Specific Hazards
Non combustible material.

Precautions in connection with Fire
Fire-fighters should wear full protective clothing and self contained breathing apparatus (SCBA) operated in positive pressure mode. Water spray may be used to keep fire exposed containers cool.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures
Slippery when spilt. Avoid accidents, clean up immediately.

Small spill: Mop up & wash residue to drain with copious amounts of water.

Large spill: Wear appropriate personal protective equipment and clothing to minimise exposure. Increase ventilation. If possible contain the spill. Place inert absorbent material onto spillage. Collect the material and place into a suitable labelled container. Do not dilute material but contain. Dispose of waste according to the applicable local and national regulations. If contamination of sewers or waterways occurs inform the local water and waste management authorities in accordance with local regulations.

7. HANDLING AND STORAGE

Precautions for Safe Handling
Use only in a well ventilated area. Keep containers sealed when not in use. Prevent the build up of mists or vapours in the work atmosphere. Avoid inhalation of vapours and mists, and skin or eye contact. Maintain high standards of personal hygiene i.e. Washing hands prior to eating, drinking, smoking or using toilet facilities.

Precautions for Safe Storage
Store in a cool, dry, well-ventilated area, out of direct sunlight. Store in suitable, labelled containers. Keep containers closed when not in use. Ensure that storage conditions comply with applicable local and national regulations. Not corrosive to metals.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

National Exposure Standards
No exposure value assigned for this material by Safe Work, Australia. However, the available exposure limits for ingredients are listed below:

TWA (Time Weighted Average): The average airborne concentration of a particular substance when calculated over a normal eight-hour working day, for
Material Safety Data Sheet

Product Name: FLUFFY CONCENTRATE - DIVINE BLENDS - LIMITED EDITION - POMEGRANATE AND SANDALWOOD

Not classified as hazardous according to criteria of NOHSC.

a five-day week.

STEL (Short Term Exposure Limit): The average airborne concentration over a 15 minute period which should not be exceeded at any time during a normal eight-hour workday.

Peak Limitation: A ceiling concentration which should not be exceeded over a measurement period which should be as short as possible but not exceeding 15 minutes.

No biological limit allocated.

No special engineering controls required. Use with good general ventilation.

If mists or vapours are produced, local exhaust ventilation should be used.

Not necessary under normal conditions of use. For industrial applications if engineering controls are not effective in controlling airborne exposure then an approved respirator with a replaceable mist filter should be used.

Reference should be made to Australian/New Zealand Standards AS/NZS 1715, Selection, Use and Maintenance of Respiratory Protective Devices; and AS/NZS 1716, Respiratory Protective Devices, in order to make any necessary changes for individual circumstances.

Industrial: Safety glasses with side shields, goggles or full-face shield as appropriate recommended. Final choice of appropriate eye/face protection will vary according to individual circumstances i.e. methods of handling or engineering controls and according to risk assessments undertaken. Eye protection should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.

For industrial applications wear gloves of impervious material. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance.

Wear appropriate clothing including chemical resistant apron where clothing is likely to be contaminated.

10. STABILITY AND REACTIVITY
Materials Safety Data Sheet

INFOSAFE No™ LQ289  Issue Date : April 2013  ISSUED by COLGATE

Product Name: FLUFFY CONCENTRATE - DIVINE BLENDS - LIMITED EDITION - POMEGRANATE AND SANDALWOOD

Not classified as hazardous according to criteria of NOHSC.

Chemical Stability: Stable under normal conditions of storage and handling.

Conditions to Avoid: Contact with incompatible materials, heat and direct sunlight.

Incompatible Materials: Strong oxidising agents, materials that may react with water.

Hazardous Decomposition Products: Decomposition of this product may emit toxic and/or irritating fumes.

Will not occur.

11. TOXICOLOGICAL INFORMATION

Toxicology Information

Inhalation: No toxicity data are available for this material. Not a likely source of exposure. May cause irritation to the mucous membranes and upper airways. Symptoms may include coughing, wheezing and shortness of breath.

Ingestion: Ingestion of this product may irritate the gastric tract causing nausea and vomiting.

Skin: May cause redness, itching and irritation.

Eye: May cause eye irritation, tearing, stinging, blurred vision, and redness.

Chronic Effects: Prolonged or repeated exposure to this material may result in dermatitis.

12. ECOLOGICAL INFORMATION

Ecotoxicity: Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment.

Persistence / Degradability: Not available

Mobility: Not available

Bioaccumulative Potential: Not available

Environ. Protection: Prevent large quantities of this material entering the environment.

13. DISPOSAL CONSIDERATIONS

Disposal Considerations:
The disposal of the spilled or waste material must be done in accordance with applicable local and national regulations.

14. TRANSPORT INFORMATION

Transport Information:

Road and Rail Transport: Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail (ADG Code) (7th edition).

Air Transport (ICAO/IATA): Not classified as Dangerous Goods by the criteria of the International Air Transport Association (IATA) Dangerous Goods Regulations for transport by air. No

IMDG Marine Pollutant (MP): No

15. REGULATORY INFORMATION

Regulatory Information:

Not classified as Hazardous according to criteria of National Occupational Health & Safety Commission (NOHSC), Australia.

Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).
